

Doris Wong

With over 30 years of experience across finance, operations, and human resources management,

Doris brings a wealth of knowledge from her extensive career in multinational corporations from Japan, the USA, Ireland, and the UK. Her brand of E-invoicing

training builds on top of her diverse background to deliver

practical, real-world insights tailored to today's business challenges.

Doris' training approach is grounded in hands-on techniques, combining

industry best practices with customized strategies that address the specific needs of professionals and organizations navigating the complexities of E-invoicing. This method ensures that participants not only gain a deep understanding of compliance and operational efficiency but also learn how to eliminate hidden taxation costs, ultimately driving better business outcomes.
