

Azizul Hassan

HRD CORP CERTIFIED & ACCREDITED TRAINER

Azizul is a certified and accredited HRD Corp. TTT Trainer with a diversified spectrum of experience and skills in training and developing human capital. Since 2016, he has successfully trained professionals across corporate, government, and education sectors, working effectively with both intimate groups and large audiences of diverse backgrounds and experience levels.

In today's VUCA (Volatile, Uncertain, Complex, Ambiguous) world, Azizul firmly believes that **"people's collective attitudes, skills, and ability to adapt are the major contributions to an organization's performance and productivity."** This philosophy underpins every training program he delivers.

Azizul's training deliveries are characterized by **high energy, engagement, and clarity**, making complex concepts accessible and actionable for participants at all organizational levels. His creative and dynamic presentations seamlessly blend theoretical frameworks with experiential learning methodologies, ensuring knowledge retention and practical application.

His collective experience in multinational corporations significantly influences his delivery and training style, bringing real-world insights and proven strategies to every session. Whether facilitating face-to-face workshops or leading virtual training programs, Azizul creates an interactive learning environment that drives meaningful behavioral change and skill development.
