Former Head of Program Management, CIO, COO, and CTO with certifications from PMI® (USA) and HRDCorp (Malaysia). I bring over three decades of leadership experience in technology and project management, successfully delivering programs and initiatives across global multi-national corporations.

Today, I am dedicated to empowering aspiring project managers and professionals through tailored training and mentorship. With deep expertise in Portfolio, Program, and Project Management, I help individuals and organizations strengthen their capabilities, drive business outcomes, and achieve sustainable success.

Throughout my career, I have actively engaged in continuous learning, staying abreast of the latest industry trends, cutting-edge technologies, and innovative teaching methodologies. My commitment to personal growth has allowed me to consistently enhance my skills and expand my areas of expertise, ensuring that I can provide the most up-to-date and relevant training content.

In my role as a trainer, I have had the privilege of working with diverse groups of learners, each with their unique needs and learning styles. This experience has honed my ability to tailor training sessions to accommodate various skill levels and foster an inclusive and engaging learning environment.

My approach to training emphasizes hands-on learning, interactive activities, and real-world applications, empowering learners to not only grasp theoretical concepts but also apply them effectively in practical scenarios. By incorporating interactive exercises, case studies, and group discussions, I create a dynamic and stimulating atmosphere that encourages active participation and knowledge retention.

As a lifelong learner myself, I understand the challenges and obstacles that learners may encounter on their educational journey. With empathy and patience, I provide ongoing support and encouragement, empowering individuals to overcome barriers and achieve their full potential.

Furthermore, my extensive background in course / curriculum development enables me to create comprehensive and well-structured learning materials that align with specific learning objectives. I place a strong emphasis on continuous improvement, regularly seeking feedback from learners and utilizing it to fine-tune and optimize training programs.

In summary, my passion for learning, coupled with my extensive experience as a trainer, equips me with the skills and insights necessary to foster a positive and enriching learning experience for all. I am confident that my dedication and expertise will make a significant and positive impact on any learning and training initiative.

Hi Sir. Thank you for connecting. I attended your PMP Prep Course in Kuching Sarawak back in July last year. I just wanted to express my appreciation for the knowledge you shared during the training. Your guidance played a big part in me achieving the certification in December with ATs for all domains. Truly grateful. Have a great day ahead!
